Vettec Equithane Products Demonstrations

Do you have a **New Product** you are using that you would like to tell fellow BWFA Members about? Send us the information we will list it in our eNewsletter.

We have hands-on demonstrations with horses by Vettec representative Lynne Myers at the FNRC. We receive horses that are foundered, abscessed, with cracks and splits

and in need of hoof repair. The Vettec Company supplies the products which allows students to ask questions and sample all of the Vettec products. We have added a slide show of these demonstrations to

the FNRC web page. Please visit the page to learn more about this clinic.
